</tbody>
</table>

Why do you want to be a Math Lab consultant?

Have you had any experiences (life, educational, work, etc.) that uniquely qualify you to work with people?

What do you believe the calculus labs add to the calculus sequence?

Please list at least one reference:

Name: __________________________________ email: ________________________________

phone: __________________________________

Preference in hiring is given to: undergraduate students at Michigan Tech, those with more time remaining before graduation, and those with excellent communication skills.

Unsatisfactory performance as a lab consultant and/or failure to report for scheduled work assignments and training seminars are cause for termination of employment.

Michigan Technological University is an equal opportunity educational institution/equal opportunity employer. Minorities and women are encouraged to apply.
