Registering Mathematica 5.2

This guide assumes that you have already installed Mathematica 5.2 and are running it for the first time (usually the installer automatically launches Mathematica for you). While the screenshots in this guide reflect the Macintosh version accurately, the Windows version has minor differences, but the process is almost exactly the same.

Congratulations, you’ve installed Mathematica! You’re probably being presented with a screen like this:

- Enter your name, and the MTU license key: L3069-8944. You aren’t required to enter an organization name. The screen should now look like this:
Click OK. You’re now presented with a rather cryptic dialog:

To obtain a password, contact Wolfram Research. The quickest and easiest way is to register on the web. Click the Web button to open your web browser and register to obtain your password.
